Kushi-Sharma

Hyderabad, India

Summary

Final-year Computer Science undergraduate with a strong interest in software development and problem solving. Enthusiastic about learning new technologies, building practical solutions, and contributing effectively in a collaborative environment. Seeking an opportunity to begin my career and grow as a software engineer.

Education

Sreyas Institute of Engineering and Technology, Hyderabad <i>B.Tech in Computer Science</i>	2023 - Present <i>CGPA: 9.42</i>
Sri Chaitanya Junior College, Hyderabad <i>Intermediate</i>	2021-2023 <i>CGPA: 9.76</i>
Sagarika High School, Hyderabad <i>High School</i>	2021 <i>CGPA: 9.5</i>

Projects

Animated Website Application HTML,CSS,JavaScript • Developed a responsive, modern landing page with smooth scrolling, interactive animations, and engaging user interface elements. • Implemented HTML, CSS, and JavaScript to create dynamic visual effects and improve user experience across different screen sizes. • Focused on clean design, performance optimization, and responsive layouts for seamless navigation.	September 2025 - Present
AI Resume Analyzer Python, Flask, HTML, CSS, JavaScript, SQLite • Developed a web application that analyzes resumes and provides feedback to improve content quality and overall presentation. • Implemented resume upload, text extraction, and keyword-based analysis to generate personalized suggestions. • Designed an intuitive interface to simplify resume evaluation and enhance the user experience.	October 2025

Activities

HackAttack Hackathon – Sreyas Institute of Engineering and Technology * Participated in a 24-hour hackathon organized by Sreyas Institute of Engineering and Technology, collaborating on innovative problem-solving and software development.	2023
Speakathon – Student Tribe * Participated in a public speaking event, strengthening communication, presentation, and confidence in expressing ideas.	2025
Internet of Things (IoT) Workshop * Participated in a hands-on workshop to gain practical exposure to IoT concepts, sensor integration, and real-world smart device applications.	2025

Technical Skills

- * **Languages:** Python,SQL, HTML, CSS, Javascript
- * **Frameworks:** Flask, NumPy, Pandas, Matplotlib
- * **ML & Data Science:** Scikit-learn, Regression, Classification, Data Preprocessing, Model Deployment, Deep Learning
- * **DevOps & Tools:** Git, GitHub, VS Code

Certifications

- * **Hackattack Hackathon:** Certified Participant
- * **Internet of Things(IOT) Workshop.** Participation Certificate
- * **Speakathon (Student Tribe) - Participation Certificate**
